

TONY ADAMO

Miles of Blu

On his latest effort, and debut recording for Random Act Records, **TONY ADAMO** has created a unique genre: “HipSpokenWord.” Built on the wisdom of musical wizards like Gil-Scott Heron, Mark Murphy, Jack Kerouac and hip/hop master rappers, Tony speaks the Truth through his poetic musings. With preeminent players like producer Mike Clark (drums), Richie Goods (bass), Delbert Bump (organ), Michael Wolff (piano), Bill Summers (percussion) and Tim Ouimette, Rob Dixon, Derek Gardner and Stephen “Doc” Kupka in the horn section, Tony speaks/sings his way through the urban landscapes of Jazz, Funk and Soul.

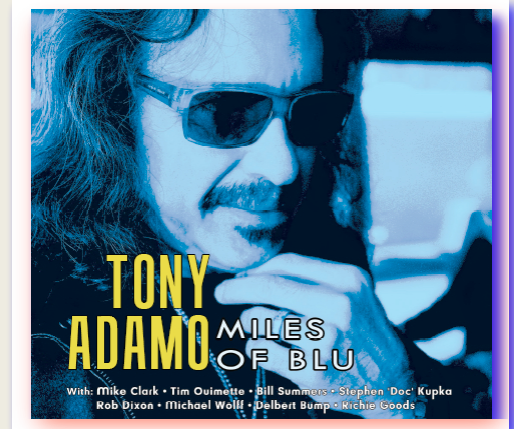

From the title track “Miles of Blu,” a nod to the dark prince of Jazz, to “JB,” an homage to the Godfather of Soul, to a down-home “BBQ” and asking “America R We Free,” Tony tells it like it is in his own mesmerizing manner. Tracks like “Funkin’ at the Chickn’ Shack,” “Jack Kerouac” and “Sun-Ra” include roll-call shout-outs to a host of Jazz legends while setting evocative moods. Whether burning or funking, the Grooves are infectious, the music sizzling and the words - **HIP!** “**MILES OF BLU**” takes listeners on a swinging journey, culminating in a funky good time!

AIRPLAY starts 5/20/2013
